PANGLIMA ANGKATAN TENTERA TINJAU PELAKSANAAN OP BENTENG KHAS 2

KOTA TINGGI, 15 Mac 2022 - Panglima Angkatan Tentera, Jeneral Tan Sri Dato' Sri Haji Affendi bin Buang TUDM hari ini telah membuat lawatan bagi meninjau pelaksanaan OPERASI BENTENG KHAS 2 (OBK2); dikoordinasikan oleh pasukan National Task Force (NTF) yang dilaksanakan selama empat (4) hari berpangkalan di KD Sultan Ismail (KDSI) Tg. Pengelih, Kota Tinggi, Johor.

Turut hadir sama adalah Ketua Pengarah Agensi Penguatkuasaan Maritim Malaysia, Laksamana (M) Dato' Mohd Zubil bin Mat Som, Komander NTF, Laksamana Madya Dato' Aris Adi Tan bin Abdullah Panglima Medan Barat, Tentera Darat Malaysia, Leftenan Jeneral Dato' Muhamad Hafizuddeain bin Jantan, Panglima Armada Barat, Laksamana Madya Datuk Abu Bakar bin Md Ajis dan Panglima Wilayah Udara 1, Mejar Jeneral Dato' Zahani bin Zainal Abidin TUDM dan Ketua Staf Operasi NTF, DCP Dato' Hj. Mohd Yusoff bin Mamat.

OBK2 ini dilaksanakan adalah bertujuan menilai keupayaan dan kecekapan serta kesiagaan aset komponen daratan, maritim dan udara, di samping mempraktikkan Perintah, Kawalan dan Komunikasi dalam struktur Op BENTENG sedia ada selain meningkatkan situational awareness dan land and maritime domain awareness agensi-agensi yang terlibat.

OBK2 juga merupakan salah satu usaha untuk penambahbaikan Prosedur Tetap Operasi (PTO) NTF setiap komponen berdasarkan penilaian terhadap sebarang tindakan yang dilaksanakan di lapangan.

Seiring dengan objektif membanteras kemasukan PATI bagi mengekang penularan COVID-19 dan jenayah rentas sempadan di Negeri Johor, OBK2 yang dilaksanakan di Sektor 8 dan pesisir pantai negeri Johor mulai 13 hingga 16 Mac 2022 dengan penglibatan 18 agensi di bawah NTF ini adalah berikutan statistik pembolosan PATI yang tinggi serta kawasan tersebut kekal sebagai hotspot di Paksi Ancaman 3 Op BENTENG.

Penglibatan 18 agensi di bawah NTF dalam OBK ini adalah terdiri daripada ATM melibatkan aturgerak pasukan dari TDM, TLDM dan TUDM, Polis Diraja Malaysia melibatkan Pasukan Gerakan Am (PGA), Pasukan Gerakan Udara (PGU) dan Pasukan Polis Marin (PPM), Agensi Penguatkuasaan Malaysia (APMM), Jabatan Imigresen Malaysia (JIM), Kementerian Kesihatan Malaysia (KKM) dan lain-lain agensi. Semua agensi yang terlibat akan melaksanakan rondaan dan memperagakan kehadiran serta menguatkuasakan undang-undang di kawasan perairan dan pesisir pantai Negeri Johor.

Johor merupakan negeri kedua tertinggi bagi kes kemasukan Pendatang Asing Tanpa Izin (PATI) Indonesia khususnya dari Pulau Bintan dan Pulau Batam yang merupakan exit point sebagai lokasi permulaan untuk masuk ke Malaysia. Kawasan Pantai Timur Johor dari Bandar Penawar sehingga ke Tanjung Sedili adalah kawasan yang aktif dengan aktiviti pendaratan PATI.

Kawasan pesisir pantai yang landai dan jauh daripada penempatan penduduk memberi kelebihan kepada penyeludup untuk menyusup masuk dan mendaratkan PATI. Mengikut analisis semasa, ancaman yang terdapat di Paksi 3 bukan sahaja melibatkan aktiviti penyeludupan PATI, malah kegiatan penyeludupan barang kawalan seperti rokok, minuman keras dan barang terlarang termasuk dadah, turut aktif di Selatan Semenanjung.

Berdasarkan statistik kes di Johor mulai Mei 2020 sehingga 10 Mac 22, sebanyak 1,074 kes telah dilaporkan merangkumi 928 kes tangkapan, 111 kes penglihatan, empat (4) kes pengusiran, 30 kes rampasan barang tanpa tangkapan dan satu (1) kes melibatkan rompakan laut. Anggaran keseluruhan nilai rampasan adalah berjumlah RM175 juta.

Dalam tempoh kajian ini juga, seramai 4,278 orang PATI telah ditangkap, yang mana daripada jumlah tersebut seramai 3,476 PATI merupakan warganegara Indonesia, 165 orang warganegara Bangladesh, 163 orang warganegara Myanmar, 151 orang warganegara Vietnam, dua (2) orang etnik Rohingya dan 321 orang daripada lain-lain negara.

KOTA TINGGI, March 15, 2022 – The Malaysian Armed Forces Chief, General Tan Sri Dato' Sri Haji Affendi bin Buang RMAF, made a visit to inspect the implementation of OPERASI BENTENG KHAS 2 (OBK2)

coordinated by the National Task Force (NTF) and conducted for four (4) days at KD Sultan Ismail (KDSI) Tg. Pengelih, Kota Tinggi, Johor.

Also present were the Director General of the Malaysian Maritime Enforcement Agency, Admiral (M) Dato' Mohd Zubil bin Mat Som; NTF Commander, Vice Admiral Dato' Aris Adi Tan bin Abdullah; Malaysian Army Western Field Commander, Lieutenant General Dato' Muhamad Hafizuddeain bin Jantan; Western Fleet Commander, Vice Admiral Datuk Abu Bakar bin Md Ajis, and Air Region 1 Commander, Major General Dato' Zahani bin Zainal Abidin RMAF and NTF Operations Staff Chief, DCP Dato' Hj. Mohd Yusoff bin Mamat.

This operation is implemented in order to assess the capability, efficiency, and readiness of land, maritime, and air component assets, as well as to practise Command, Control, and Communication under the existing OP BENTENG structures. Also, it functions to enhance situational awareness as well as land and maritime awareness among the agencies involved.

OBK2 is also one of the initiatives to improve "NTF Prosedur Tetap Operasi (PTO)" of each component based on the evaluation of any actions taken in the field.

Due to the high statistics of illegal immigrants and the area remaining a hotspot in Paksi Ancaman 3 Op BENTENG, OBK2 was implemented in Sector 8 and the coastal state of Johor from 13 to 16 March 2022 with the involvement of 18 agencies under the NTF, with the goal of combating the entry of illegal immigrants to curb the spread of COVID-19 and cross-border crime.

MAF involving personnel from Malaysian Army, RMN, and RMAF while Royal Malaysia Police consisting of General Operations Force (PGA), Royal Malaysia Police Air Operation Force (PGU), and Marine Police Force (PPM), Enforcement Agency Malaysia (APMM), Malaysian Immigration Department (JIM), Ministry of Health Malaysia (MOH), and other agencies are among the 18 agencies involved in this OBK. All authorities engaged will be on the ground, conducting patrols and enforcing the law throughout the waterways and coastal regions of the state of Johor.

Johor is the state with the second highest number of Indonesian Illegal Immigrant (PATI) entries, particularly from Bintan Island and Batam Island, which serve as entry points into Malaysia. The east coast of Johor, from Bandar Penawar to Tanjung Sedili, is a hotspot for illegal entry activities.

Immigrant smugglers have an edge in smuggling due to the coastal slope areas and their distance from communities. Besides illegal immigration, the smuggling of controlled goods such as cigarettes, liquor, and illicit goods like drugs, which are also active in the southern part of the peninsula, has been identified as a concern in Paksi 3.

According to statistics in Johor, a total of 1,074 cases were recorded from May 2020 to March 10, 22, comprising 928 arrests, 111 sighting cases, four (4) deportation cases, thirty (30) seizure cases without arrest, and one (1) case involving maritime robbery. The seizure is expected to be worth RM175 million in total.

During the research period, 4,278 illegal immigrants were arrested, including 3,476 Indonesians, 165 Bangladeshis, 163 Myanmarese, 151 Vietnamese, two (2) Rohingya ethnic people, and 321 individuals from other countries.

Prior to concluding the visit at the OBK2 Operations Centre, KDSI, the Malaysian Armed Forces Chief was taken to MK Taktikal Pos Tg. Sepang to review the area of OP MERPATI 1 under the supervision of 7 Bgd operations, which also commands 22 observation posts along the coast from Endau Rompin to Kg Panchur. Also, the OP BENTENG KHAS, which involves the detention of illegal immigrants at Tg Penyusup, was demonstrated to him before he proceeded to Abu Bakar Maritime Base (ABMB), Batu Tengah, to see the base's maritime control operations.
